

I understand that this issue could force FM translator services such as K-LOVE off the air. This station is very important to our family. They play the kind of music we want to listen to and provide a positive and encouraging alternative to everyone in the community. Without K-LOVE, our community will lose a positive influence. The type of influence that is very hard to find in this world today. One that promotes peace and love. Please do not allow this type of influence to be forced off the air.
